

8-9 February, WBC-RRI.NET Final Event, Skopje

Working Group 3: Open Science & Open Access

Adam Brandstetter-Kunc

Welcome!

WBC-RRI.NET

Understanding the state-of-play

Creation of a map of existing institutional open science repositories in WBs (Act. 3.1)

Overview of existing open science and open access legislative in WB region (Act 3.2)

Exchanging experiences

Promoting the EOSC and networking (Act. 3.3)

Linking and liaising with cOalition S, and specific promotion towards RFOs (Act. 3.4)

Raising awareness

Webinar series on Open Science and Open Access (Act. 3.5)

Organisation of high-level Round Table about status of Open Science and Open Access in WBs (Act. 3.6)

New ways of doing things

Evidence2Policy Support Program for Young Social Science Researchers (Act. 3.7)

Activities all Working groups implement

RRI peer-learning programme (all.1)

WBC-RRI.NET communication activities (all.2)

WG3

➤ Lessons learnt

1. Open Science and Open Access is very important across the WB region. There are still clear gaps in terms of policy and imbalance across the countries.
2. Sharing experiences and knowledge on Open Science practices is very much important
3. Need for better understanding sustainable Open Access models and policies

WG3

➤ 5 highlights

1. Overview of Open Science policies and repositories across the WB region ([mapping exercise](#))
2. High level round table on the needs of region in terms of Open Science ([recommendations published](#))
3. Mutual dialogue on future of Open Science in the region ([recommendations published](#))
4. Exchanges on the approaches towards adhering to Plan S with funders from regions
5. Webinars for social science students covering Open Science

SAVE THE DATE!!!

Webinar on Diamond Open Access 21 February 11-13 CET
