Main RRI keys in Republic of Srpska

Present and Future impact in Republic of Srpska

Current impact of the activities – key achievements and challenges

- Explored ethics practices at UNIBL and established CoP on Academic Integrity
- Improving STEM education (Ideathon and Handbook) with some challenges
- Upgraded open access repository at UNIBL
- Directly impacted changes in grant schemes (embedding RRI keys) for research projects and support to SMEs

Expected future impact of the activities

- *Continued work on promoting open science (events and training activities, upgrading of institutional repositories including the development of e-library service)*
- *Continued work on embedding ethics in institutional culture and practices through activities of the UNIBL Academic Integrity Community of Practice.*
- *Engaging private sector into the RRI inspired activities and fostering the university-industry collaboration based on RRI principles.*
- *Further support the relevant policy-making bodies in embedding RRI in policies and processes, as well as in grant schemes.*

A woman with long dark hair and glasses, wearing a white t-shirt, stands in a meeting room pointing towards a whiteboard covered in colorful sticky notes. Several people are seated around a table in the foreground, looking towards her. The room has large windows on the left and a white wall with the sticky notes.

This event is completed!
