Discussing Ethics Governance System for RRI in Higher Education and Research Performing Organization

- Moderated round table at the public event “Responsible Research and Innovation – a requirement for excellence in research” organized on 2nd May 2022 in Novi Sad
- ETHNA and SOPs4RRI
- Discussion on:
 - What are the reasons for establishing, or not, an ethics board? What are the framework conditions?
 - How are ethics boards established and how are they implemented? What are the most common challenges?
 - Which target groups are to be considered? Are researchers considering the ethical issues and get in contact? What is the role of the RPO management? How are the members identified / nominated?
 - What are the differences between the scientific disciplines? What can be learnt from each other?

Exploring ethics issues

- Research into the current state of academic integrity / ethics in practice within the HEIs across the WB region:
 - Online survey
 - Researchers: n = 247
 - Students: n = 605
 - Preliminary results
 - Differences in perception of ethical issues (in general and in practice) among researchers and students
 - Incidents of unethical behaviour among both researchers and students
 - Lack of (or low level of) understanding about open science or RRI in general

Mapping and analysis of existing GEPs
